

CNC Setup Machinist 1

PAY RANGE: \$23-30/hour

JOB SUMMARY:

We are seeking a skilled CNC Setup Machinist 1 to join our manufacturing team. In this role, you will be responsible for setting up and operating CNC machines to produce precision parts according to blueprints and specifications. The ideal candidate should have a strong understanding of CNC machinery and processes, with the ability to ensure the highest quality standards in machining operations.

RESPONSIBILITIES:

- Machine Setup: Set up repeat jobs if set up sheet provided and operate a variety of machine tools including but not limited to CNC lathes, CNC mills, and/or Swiss to produce precision parts and instruments.
- Read engineering blueprints, and measuring devices such as caliper, micrometer, and other gauges used in machining.
- Troubleshoot and adjust to build a quality product.

EDUCATION & EXPERIENCE:

- H.S. Diploma or Equivalent; Technical degree + 2 or more years of CNC machinist experience OR 5 or more years in CNC machining experience + machinist certificate preferred.
- Must be legally authorized to work in the United States without sponsorship.

REQUIRED PHYSICAL DEMANDS:

- Requires standing 90% of shift.
- Frequent bending, twisting, squatting, and lifting with arms extended.
- Must be able to lift up to 45 lbs.
- Requires good manual dexterity.

ENVIRONMENTAL EXPOSURES:

- Hearing and vision protection required in all areas.
- Closed toe shoes are required in all areas.
- Exposure to oil, grease, dust, metal particles, sparks, sharp-edged materials.
